ENVIRONMENTAL POLICY STATEMENT

This Environmental Policy applies to any and all activities carried out by Stanningley Engineering Ltd (SEL), where ever they maybe. All SEL employees are to follow this Environmental Policy at all times.

SEL recognises that the day to day activities that are carried out can impact both directly and indirectly on the environment. We aim as far as reasonably practicable to protect and where possible improve the environment. This will be done through good management and where practicable adopting best practices. SEL will take all environmental considerations into the planning of all projects and will adopt greener alternatives where possible.

In all of our activities we will aim to:

- Comply fully with all relevant legal requirements, Regulations and code of practices;
- Use our resources responsibly in order to develop a sustainable approach to life cycle management
- Reduce reuse and recycle wherever possible
- Identify opportunities to reduce environmental impact early and implement controls;
- Prevent pollution to air, land and water;
- Reduce water and energy usage;
- Reducing packaging from suppliers by requesting no or only recyclable packaging;
- Minimise waste by following the hierarchy of waste;
- Identify and manage all hazards and risks to the environment;
- Undertake regular audits and inspections to ensure the effectiveness of SEL Policies and Procedures;
- Promote environmentally responsible purchasing and encourage all sub contractors to do the same;
- Ensure all sub contractors have sufficient controls environmental controls before they commence work onsite;
- Increase awareness and provide regular training to all employees so that environmentally responsible concepts form part of their normal working practices.

SEL aims to ensure that all activities comply with relevant UK and EU legislation, the requirements of ISO 14001 and best practice.

This Environmental Policy will be communicated to all SEL employees at the time of issue. It will also be made available to clients, suppliers, contractors and any other interested parties.

This policy will be reviewed at the minimum annually; it may also be reviewed should there be any changes with legislation or if SEL has an environmental incident.

Signed

Mark Robinson
Operations Director
